## Eurener MORE THAN ENERGY

### European Quality

Eurener is an industrial group established in 1997 in the European Center for Innovative Enterprises (CEEI). Throughout these 25 years of experience, we have developed a production process and know-how that has resulted in a certified product with high quality and multiple applications, establishing a relationship of total trust with our customers thanks to our personalized service.

### Certificates

Eurener photovoltaic modules have passed all the main European tests in terms of durability and performance. For this reason, we have the most prestigious certificates at a global level and in different European countries.

## Warranties

Eurener modules, are designed to last, thus making the initial investment profitable and providing energy for decades. That is why we offer warranties above the market average.

**30 YEARS** PERFORMANCE WARRANTY  
Linear Warranty

**30 YEARS** PRODUCT WARRANTY

## Advantages

### MULTI BUSBARS (MBB)

- Thinner and rounded to increase the light absorption.

### GLASS

- Increased mechanical resistance. Frontal load (snow) 5.400 Pa. Back load (wind) 2.400 Pa.
- Increased resistance to rust and abrasion for increased durability.
- Free of potential induced degradation (PID).

### 1500V

- Maximum power per module to reduce LCOE.

### ALBEDO

- It has considerable gains on grass land (7%), dry sand (9%), especially in snowfield (19%).

### DHI

- Diffuse light can be absorbed by the rear side of the module.

**+5W**  
POSITIVE POWER TOLERANCE

**+21%**  
OVER 21% EFFICIENCY

1997 TO 2022

ANNIVERSARY

## FUTURE VISION

At Eurener we work for a 100% renewable and sustainable planet. This commitment means that our main objective is to supply sustainable and long-lasting photovoltaic modules that will allow future generations to continue generating clean energy to take care of our planet.
